HOW A SINGLE DOLLAR CAN MAKE A WORLD OF DIFFERENCE: @USANAFoundation Donates More than \$1.1M to Those in Need

SALT LAKE CITY — December 23, 2015

During a season revolved around giving, the [USANA True Health Foundation](http://www.usanafoundation.org)—whose mission is to provide critical nutrition to those who are suffering or in need—continues to help others live better lives, after donating more than a million U.S. dollars to those less fortunate in 2015.

Through its service trips, regular contributors, [fundraising projects](#) and [collaborations with the Women's Tennis Association](#), the non-profit organization raised \$1.7 million to assist hundreds of thousands of people around the globe. [USANA Health Sciences](#) (NYSE: [USNA](#))—a global nutritional company based in Salt Lake City—covers all administrative costs, allowing the Foundation to utilize 100 percent of every dollar donated to directly help those in need of assistance.

“Every dollar donated to the Foundation helps improve and save a life,” said USANA Co-CEO [Dave Wentz](#). “We are grateful to all of those who have donated and continue to donate their time and monetary contributions, allowing us to help those in less fortunate circumstances. We have been able to accomplish a lot this year and look forward to doing even more in the New Year.”
